Live with Beauty

I believe in beauty, I believe in the deep resonance of form and shape that lies within nature's delicate grasp. I see in the cupped hand, the first vessel. I mimic the shapes of trees, in the shape of a whirling skirt, the color of a leaf strewn forest floor, in a palette of taupes and browns and roses, I see the extravagance of summer blended into the poetry of fall and I lay that palette on a tablecloth. I believe that beauty lifts us up, and connects us to our ancestors, in their partnership with our sentient world. Please enjoy our fall collection that echoes our nature, our history and our love of color and art.

A BLAST FROM THE PAST THAT MAKES PERFECT SENSE TODAY

The Amandine Jacket in plum is based on the amazing mid-century skating coat we introduced last fall. It's also known as a swing coat, and you'll know why when you see it move. Comes in a chill chasing, plum flavored plaid, complete with fabric covered buttons and embroidered flowers blooming on the yoke. Acrylic wool, poly silk lining.
