## living in a home with beauty

Our most ardent customers have been using our linens for well over twenty years. Though their armoires may be stacked full, every so often they find themselves in need of something new. In truth, these women may be a bit—what can I say—addicted. Just like me. But of all possible vices, I consider loving color and timeless textiles to be pretty harmless. But there's more to why so many of you love our designs—the unmatched feeling living in a home with beauty evokes.

It seems to me that the holidays may serve as a pretty accurate measure of a joyful home. It is a time full of family and loved ones, a place serenely surrounded by those closest to our hearts.

This time spent together is an exquisite excuse for making our homes as lovely and inviting as possible. I hope all the times you share this season are just as special as the friends and family you've gathered together.

With much love,

*April Cornell*

### our artisans in new delhi

We have been manufacturing in India for almost 40 years. In fact, we so fell in love with the place—the craft, the textiles, the expertise, and the people of India—that 24 years ago, we opened an office in New Delhi. Then, in 1992, we started our own factory.

Just three years ago, we moved to a new space, painted it magenta, planted bougainvillea and flowering tress, and made our “girls mean business” statement in the heart of industrial India.

Owned by a woman and run by a woman, we feel unique in the world of global manufacturing. Here we proudly employ more than 350 skilled tailors, pattern makers, cutting masters, embroidery designers, production experts, and fabric experts in a factory that matches the standards and the style of our Vermont-based headquarters.

All our fabrics are designed by us. The prints, the patterns, and even the weaves are sourced in India, truly the wealthiest nation of textiles. Here the respect for art, design and craft, apprenticeship and skill still exists.

We strive to include these wonderful skills in our clothes and in our linens, to keep alive these arts that, once common, are now quickly disappearing.

Cover look: Aurelia Dress shown on page 4

We would like to thank Melange on Main, Burlington, and Ginny Joyner Studios, Colchester, Vermont, for their generosity in sharing their imaginative interiors for our location photography.

### making a difference

We believe in making a difference in the world, where we live, and where we work. As a company with deep roots in Canada, USA, and India, we are truly global and believe that giving back is part of our corporate responsibility.

For years, the April Cornell Company has supported projects for mothers and children, for first generation learners, for the blind and the handicapped, for the imprisoned and the homeless. It has been our blessing and our privilege to give a hand up, not a hand out to others in need.

In India, where our factory gives us so much beautiful product, so much craft and skill, we give back with every item we make to those in need. We also support a variety of fund-raising events and such charitable organizations as Concern India. For more about our giving back, visit us at [www.givingworldfoundation.org](http://www.givingworldfoundation.org)

*Changing seasons* The color story as time passes from autumn to winter is dramatic. But in her last hurrah before returning to the icy cold blues, whites and grays of winter, Mother Nature shows herself in splendid glory. We see the warm olives & golds, brick reds of *Harvest*, as we give thanks for the food and special occasions that sustain us.

A trip north to *Stockholm* gives us a preview of the deep sea blues and forest evergreens that speak of an ancient past.

The long winter nights encourage us to snuggle down amid the quilts & covers in one of our softest cotton *Nighties*, dreaming of the good times we'll share with our families this holiday.

*Joyeuses fêtes* This season I have invited two of my sons to share their collections with us. Lee whose *One World Brothers Collection* brings some versatile, stylish menswear to these pages while Kelly's *Seaton Cornell Collection* presents his take on the stylish urban streetwear of Portland or Seattle. Wonderful gifts for the men in your life.

We also have a special *Holiday Entertaining Guide* for bringing friends and family together at the table. Many gift ideas here, too. And we can't forget the new memories we'll make this season. Don a bright new red dress or maybe a special nightgown for Christmas Morning. *Holiday Traditions* remind us of the many things we are thankful for.

### exclusive, limited edition designs by april cornell

Loving hands touch each piece of apparel and linens from start to finish. From concept and design through product development—transferring original designs into patterns, fabrics into samples—April and her design team in the US and India work collaboratively to produce two collections each year. Because we manufacture at our own factory most of the goods we sell, we create limited editions and try our very best to produce enough merchandise to satisfy what you—our dear customers—want. Sometimes, we under produce, which is why we urge you to purchase that must-have early in the season before it sells out. With few exceptions—like April's favorites—we rarely bring an item back exactly the same way. Once it's gone, it's gone. We hope you enjoy your journey through our Fall 2015 Collection.

# joyful christmas

Christmas traditions live on through the ornaments we collect, the decorations we use to "deck the halls," and, of course, in our special holiday table settings. One of my fondest memories is baking Christmas cookies with my mother. We cherish these family memories while each year we help create new ones. All linens are 100% imported cotton.

# bohemian luxury

Inspiration for this collection comes from India, literally and figuratively. Some of the pieces are made from discarded antique saris, which are masterfully reworked and stitched by hand using Kantha embroidery. Truly collectible masterpieces! We also add in some contemporary work from our own fabrics, taking the rich colors of India as our guide. All linens are 100% imported cotton.

One World Brothers: Generous, relaxed fit. Tall length.  
Seaton Cornell: Tailored, stylish streetwear. Regular.

Already citizens of the world as children, Lee and Kelly are April's second and third sons, who grew up in the business and the design worlds. Little wonder that, after sampling other professions in film and journalism, both have returned to retailing and clothing manufacturing, creating their own visions in design and points of view in men's fashion.

# live your best stories. go out there & do an awesome job. change the world for the better.

Seaton Cornell is a premium menswear and accessory brand, celebrating the joy of storytelling, friendship, travel and textiles. For Kelly, founder, clothing is connection. "When I see someone wearing SC and living some of the great moments of his life wearing my clothing, I feel especially honored and proud. Love and live what you wear—that's my belief."

Kelly Seaton Cornell
